TULELAKE MUNICIPAL AIRPORT
PROPOSED PERIMETER FENCE PROJECT
NOTICE OF AVAILABILITY
National Historic Preservation Act
30 Day – Opportunity to Provide Views Regarding
Resolution of Adverse Effect
The **County of Modoc (County)** proposes the installation of an 8-foot-tall fence around the perimeter (undertaking) of the Tulelake Municipal Airport (Airport) property. The purpose of this undertaking is to deter wildlife and people from uncontrolled entry into the aviation operations area (AOA) thereby enhancing safety at the Airport. Uncontrolled entry to the AOA creates unacceptable risk to the aircraft, pilot, wildlife, and persons in the vicinity of the operations. The County is seeking Federal Aviation Administration (FAA) approval of an Airport Layout Plan and intends to request federal funding in support for the proposed fence installation. The FAA is the lead federal agency to ensure compliance with the National Environmental Policy Act (NEPA), 40 Code of Federal Regulations (CFR) Parts 1500-1508, for proposed airport development actions. The NEPA document will be completed in accordance with FAA Orders 1050.1F, *Environmental Impacts: Policies and Procedures*, and 5050.4B, *NEPA Implementing Instructions for Airport Actions*.
Pursuant to the National Historic Preservation Act, Section 106 (NHPA) regulations detailed in 36 CFR- Part 800, the FAA is evaluating the proposed undertaking. Based upon extensive coordination and cultural resource evaluation, the FAA, and the California State Historic Preservation Officer (SHPO) have agreed that construction of the proposed fence would result in an *adverse effect* to historic properties/historical resources.
The FAA will invite the Advisory Council on Historic Preservation (ACHP) to join the Section 106 consultation process and the FAA proposes to develop a Memorandum of Agreement with methods to resolve the adverse effects of the undertaking. Information provided to the ACHP is available for viewing at <https://www.co.modoc.ca.us/departments/airports.php>. Printed copies or electronic copies on USB flash drives will be available upon request at the Modoc County office location shown below.
The FAA proposes two mitigation measures to resolve the adverse effects:
• **Mitigation Measure 1:** Installation of an information sign to include factual information regarding the Tule Lake Segregation Center (TLSC) and the location of the TLSC National Historic Landmark and National Monument which are located 0.50-mile southwest of the Airport, where the National Park Service offers guided tours and interpretive displays regarding the significance of the area to Japanese Americans and Native Americans.
• **Mitigation Measure 2:** To ensure opportunities for pilgrimages to view areas of the TLSC Traditional Cultural Property that the Airport property is located within, access to the Airport by organized groups or organizations who conduct visits or pilgrimages to the TLSC can continue with access coordination with a designated County Airport representative.
Pursuant to 36 CFR § 800.6(a)(4), a 30-day opportunity to submit your views or suggestions on the methods to resolve the adverse effects is available from **February 15 to March 15 at 5:00 p.m.** Pacific Daylight Time to nhpatulelakeairport@co.modoc.ca.us or to Mitch Crosby, Modoc County Road Department, 202 W 4th Street, Alturas, CA 96101. Electronic submission of resolution suggestions is preferred.
Comments previously provided during the NEPA and NHPA process do not need to be resubmitted.
Before including your address, phone number, e-mail address, or other personal information in your views or suggestions on the methods to resolve the adverse effects of the undertaking, be advised that your entire submission – including your personal identifying information – may be made publicly available at any time. While you can ask us in your view to withhold from public review your personal identifying information, we cannot guarantee the we will be able to do so.
